

Speak Up[™] To Prevent Falls

Take care of your health

- Exercise regularly. It builds strength and some exercises can improve your balance.
- Prevent dehydration. It can affect your

Speak Up[™] materials are intended for the public and have been put into a simplified (i.e., easy-to-read) format to reach a wider audience. They are not meant to be comprehensive statements of standards interpretation or other accreditation requirements, nor are they intended to represent evidence-based clinical practices or clinical practice guidelines. Thus, care should be exercised in using the content of Speak Up[™] materials. Speak Up[™] materials are available to all health care organizations that are accredited by the Joint Commission.
